Fastest EDI Solution on the Market

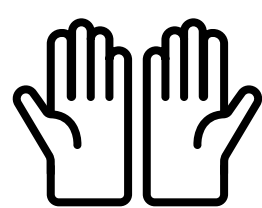

30-Days Go-Live time

Tabulera has streamlined EDI implementation so that clients are up and running within 30 days from the moment they sign on.

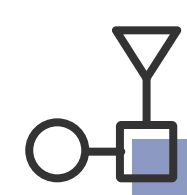

Platform Agnostic

Tabulera accepts data from any HRIS. It can also combine files from multiple data sources into a single feed.

White-Glove Service

We take away 99% of the workload with white-glove service where your team does not need to attend the lengthy carrier calls.

Real-Time EDI Visibility

Quickly spot EDI issues, minimizing business impact. Member Search lets non-technical teams find answers fast via our Portal.
